Exemption from Penalty, Interest for late payment and 20% required deposit for Instalment arrangements.

In order to alleviate employers from the economic hardship caused by the effect of COVID 19 and to encourage compliance to COIDA requirements, the Director General has approved that the Compensation Fund should exempt all employers from:

1. Paying 20% required upfront deposit prior to an instalment agreement as per debt management policy (i.e. No deposit should be required for any request for instalment arrangements)
2. Being Charged interest and Penalty for late payment of Assessment as stipulated in section 87 of COIDA. Exemption will only be for 6 Months. This means that no interest and penalty for late payment will be charged on overdue employer assessment accounts 29 April until 30 September 2020.

All request for Instalments arrangements should be directed to cfdebtors@labour.gov.za

These exemptions are effective immediately

L. Kotta

Acting Chief Financial Officer

Date: 29/04/2020
